

COURSE SNAPSHOT

LOW VOLTAGE RESCUE

OUTCOME	UETTDRRF06B Perform rescue from a live LV panel
DURATION	4 hours
PREREQUISITES	HLTAID001 Provide Cardiopulmonary Resuscitation

WHAT THIS COURSE DELIVERS

This course covers the following topics:

- Hazard identification
- Risk management
- Emergency equipment (fire extinguishers, fire blankets)
- Low voltage rescue procedures
- Low voltage rescue kit

Students must demonstrate a simulated rescue scenario using the rescue kit and fire blanket.

In accordance with Electricity Supply Industry (ESI) guidelines, Competency Training recommends that low voltage rescue training is refreshed every 12 months.

WHO SHOULD ATTEND

Qualified tradespeople, senior tradespeople and electrical engineers involved with operating low voltage electrical equipment.

PREREQUISITES

A Statement of Attainment for HLTAID001 Provide Cardiopulmonary Resuscitation is required in order for students to be awarded a Statement of Attainment.

Otherwise, a Statement of Completion will be issued upon successful completion of this course.

YOUR OPTIONS

Competency Training offers both CPR and nationally recognised Low Voltage Rescue training (UETTDRRF06B Perform rescue from a live LV panel). These courses can be run in succession or as standalone courses. Delivery of both courses in succession requires a full day.

Please contact us for more information and pricing on these options.

UNITS OF COMPETENCY

UETDRRF06B

Perform rescue from a live LV panel

Students are involved in a range of practical activities throughout the training, including demonstration of a simulated rescue from a live low voltage panel, using a fire blanket to extinguish flames on an electric shock victim and administering CPR to the unconscious victim.

WHERE TO FROM HERE

Competency Training's capability to progress our graduates, from new industry entrants to mature leaders, is based on the real world expertise of specialist educators who deliver education and compliance on site, or in the classroom.

We have a unique holistic approach to training and compliance, delivered by a highly experienced multi-disciplinary team.

For further information on your education and training options, or for possible corporate or volume discount offers, please contact us.
