

COURSE SNAPSHOT

HIGH VOLTAGE SWITCHING OPERATIONS - REFRESHER

DURATION 2 days

PREREQUISITES Electrical Licence and prior completion of equivalent High Voltage Switching training

WHAT THIS COURSE DELIVERS

The High Voltage Switching Operations Refresher course focuses on the practical components of the four day course, particularly on the duties of a High Voltage Switching Operator. It refreshes the principles of the following:

- Writing and checking switching programs
- Access Permit procedures
- Practical switching activities
- Updates and amendments to Standards and/or legislation are also reviewed

WHO SHOULD ATTEND

This course is intended as a periodic refresher for electrical workers who have previously completed equivalent training.

In accordance with the industry guidelines that High Voltage Switching Operators maintain currency in units of switching, Competency Training recommends that this high voltage training course is refreshed every 2-3 years.

PREREQUISITES

An Electrical Licence and evidence of prior training in the equivalent units of competency is generally required in order for a student to be issued with a Statement of Attainment for all units of competency.

A Statement of Attainment can only be issued for units that a student has previously attained.

Please contact us for more information or to discuss your eligibility.

YOUR OPTIONS

If you have completed High Voltage Switching Operations Training which is not nationally recognised, you may still be able to have your skills recognised. You will need to attend Refresher Training and complete a Recognition of Prior Learning (RPL) pack to provide evidence of your relevant skills.

Please contact us for more information and pricing on this option.

COURSE SNAPSHOT

HIGH VOLTAGE SWITCHING OPERATIONS - REFRESHER

UNITS OF COMPETENCY

UEPOPS124	Perform switching to a switching program
UEPOPS021	Control permit to work operations
UEPOPS036	Develop H.V. switching programs
UEPOPS116	Operate local H.V. switchgear
UEPOPS117	Operate local L.V. switchgear
UEPOPS022	Coordinate and direct switching program
UETDRELO05	Working safely near live electrical apparatus
UETDRSB001	Perform substation switching operation to a given schedule

Students are involved in a range of practical activities throughout the training, including writing and checking switching programs, and performing remote and local High Voltage Switching activities in our purpose-built High Voltage Switching training centres.

WHERE TO FROM HERE

Competency Training's capability to progress our graduates, from new industry entrants to mature leaders, is based on the real world expertise of specialist educators who deliver education and compliance on site, or in the classroom.

We have a unique holistic approach to training and compliance, delivered by a highly experienced multi-disciplinary team.

For further information on your education and training options, or for possible corporate or volume discount offers, please contact us.
