

## COURSE SNAPSHOT

# CERTIFICATE IV IN HAZARDOUS AREAS – ELECTRICAL UEE42620

<b>OUTCOME</b>	UEE42620 Certificate IV in Hazardous Areas – Electrical
<b>DURATION</b>	5 days intensive face-to-face training, plus a self-paced Recognition of Prior Learning process.
<b>PREREQUISITES</b>	Electrical Licence or equivalent and prior attainment of relevant units of competency to meet qualification packaging rules
<b>PRICE</b>	AUD 2,850 GST exempt

## WHAT THIS COURSE DELIVERS

The UEE42620 Certificate IV in Hazardous Areas – Electrical is made up of 6 core units and a range of elective units of competency. In order to attain this qualification, some of the units are credit transferred from a student's electrical trade training and some are credit transferred from the Installation and Maintenance of Electrical Equipment in Hazardous Areas course. Competency Training offers the four remaining core units via Recognition of Prior Learning (RPL).

On enrolment, students are provided with a RPL kit. The kit contains questions and recommended documents for submission to provide the assessor with sufficient evidence to determine whether the student is competent in these units. Upon successful completion of the RPL assessment, a student will be awarded the qualification.

## PREREQUISITES

An Electrical Licence and evidence of training in the Installation and Maintenance of Electrical Equipment in Hazardous Areas is required prior to enrolling in the Certificate IV in Hazardous Areas - Electrical.

Please contact us for more information or to discuss your eligibility.

## YOUR OPTIONS

If you have an electrical licence and have completed Installation and Maintenance of Electrical Equipment in Hazardous Areas training, you can enrol in the Certificate IV in Hazardous Areas – Electrical.

Please contact us for more information.

# UNITS OF COMPETENCY

## Units completed in-class at one of Competency Training's national training centres.

<b>UEECD0011</b>	Comply with scheduled and preventative maintenance program processes
<b>UEEHA0001</b>	Conduct detailed inspection of electrical installations for hazardous areas
<b>UEECO0002</b>	Maintain documentation
<b>UEEHA0002</b>	Conduct visual and close inspection of electrical installations for hazardous areas
<b>EEHA0003</b>	Determine the explosion-protection requirements to meet a specified classified hazardous area
<b>UEEHA0004</b>	Enter a classified hazardous area to undertake work related to electrical equipment
<b>UEEHA0005</b>	Install explosion-protected equipment and associated apparatus and wiring systems
<b>UEEHA0006</b>	Maintain equipment associated with hazardous areas

## Units completed by RPL with Competency Training

<b>UEECD0010</b>	Compile and produce an energy sector detailed report
<b>UEECD0024</b>	Implement and monitor energy sector OHS policies and procedures
<b>UEECD0027</b>	Participate in development and follow a personal competency development plan
<b>UEERE0015</b>	Implement and monitor energy sector environmental and sustainable policies and procedures

## WHERE TO FROM HERE

Competency Training's capability to progress our graduates, from new industry entrants to mature leaders, is based on the real world expertise of specialist educators who deliver education and compliance on site, or in the classroom.

For further information on your education and training options, or for possible corporate or volume discount offers, please contact us.
