

CERTIFICATE IV IN PROJECT MANAGEMENT PRACTICE

WHAT THIS COURSE DELIVERS

In this highly practical qualification, we help you to master key project management principles through a range of practices and formal tools, based on industry leading project management methodology PMBoK. You will come away with the confidence and skills you will need to balance complex conditions of scope, quality, time, cost and risk, along with a host of techniques and approaches to effectively engage stakeholders and teams.

WHO SHOULD ATTEND

The Certificate IV in Project Management Practice is suitable for autonomous individuals who identify and apply project management skills and knowledge in a wide variety of contexts.

This course attracts experienced Project Managers seeking formal recognition of their skills and expertise. The program is equally relevant to senior tradespeople, engineers, administrators and project team members involved with engineering, operations or maintenance environment.
